Can Thailand move forward after two lost decades?

Aside from the immediate challenge of coalition building, Pita Limjaroenrat will need to integrate disparate ideas into a clear vision and action-oriented programme to get the country out of its rut.

Charles E. Morrison and Phawin Yokng

The polling does not have a silver lining for accuracy. But it turned out to be right about who will win the Thai election on March 24.

The political status quo-party parliaments continues unaltered with the return of a former prime minister, Thaksin Shinawatra, who has been living abroad for 12 years. Mr Shinawatra's Pheu Thai party has won every general election in Thailand since 2001, except for the 2019 election.

Thaksin’s return to Bangkok on March 24 will be a restoration of trust in the country’s most progressive force, as well as minefields ahead. It is 11 seats elected through party-list votes that form a government. It is 11 seats elected through party-list votes that form a government. It is 11 seats elected through party-list votes that form a government.

Aside from the immediate challenge of coalition building, Pita Limjaroenrat will need to integrate disparate ideas into a clear vision and action-oriented programme to get the country out of its rut.

The Rhodium Group found that banks can encourage their clients to become more climate-friendly through green lending.
